NEW GOODS! NEW GOODS!

AT HOME AGAIN!!

WITH A HOUSE RAMMED AND PACKED FULL OF

NEW FALL AND WINTER GOODS,

FOR

1868.

COME TO

A. CREECH'S!

For Ladies' Goods! For Gentlemen's Goods! For Misses' Goods! For Boys' Goods! Ditto for Children!

MY STOCK IS LARGE AND VERY COMplete. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade &c., &c., and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug large enough to be seen even with one eye shut? So let them talk, puff and blow, but stop, LOOK OUT! HANDS OFF! and show your good judgment by

COMING TO CREECH'S

to buy your goods. I intend to run through this campaign with my motto, to give each and every individual value received for their support!

A fine opportunity for the ladies to exercise their inalienable rights, as well as the gentlemen. Don't stop until you COME TO CREECH'S. You will find me at R. Smith's corner, attending to my business, always ready to give you the worth of your money.

THE RADICAL ORGAN'S ADVICE TO RADICAL CANVASSERS.

Here is the advice given by the Raleigh *Standard* to the canvassers of its party in North Carolina. Here is the PEACE to which we are invited by the election of GRANT and COLFAX. Here are the necessities requiring Holden's six thousand DETAILED MILITIA. MEN OF NORTH CAROLINA, read this result to your mothers, your wives and your daughters, and learn the purposes of the cowardly adventurers who are now governing your State. Says the *Standard*:

"BUT WHEREVER HERE YOU WORK, DON'T FORGET TO WORK AMONG THE WOMEN. THE CONFEDERACY WOULD'NT HAVE LASTED A YEAR IF IT HADN'T BEEN FOR THEM. ONE GOOD REBEL WOMAN IS WORTH A DOZEN REBEL MEN. GO AFTER THE WOMEN THEN. THEY WILL MAKE THEIR HUSBANDS SHOUT FOR GRANT AND COLFAX UNTIL THEY ARE HOARSE, IF YOU WILL MANAGE TO REPLACE SOME OF THE DIAMOND RINGS AND LACES FRANK BLAIR STOLE FROM THEM WHEN HE WAS HERE. AND DON'T HESITATE TO THROW YOUR ARMS AROUND THEIR NECKS NOW AND THEN. WHEN THEIR HUSBANDS ARE NOT AROUND, AND GIVE THEM A GOOD——! THEY ALL LIKE IT, AND THE YANKEES TOO ARE THE BETTER IT TAKES. OUR EXPERIENCE WITH FEMALE NEGS IS, THAT WITH ALL THEIR SINS, THEY HAVE A VAST AMOUNT OF HUMAN NATURE, AND ONLY WANT TO HAVE IT APPRECIATED TO BE THE MOST LOVING CREATURES IMAGINABLE. SCALAWAGS AND CARPET-BAGGERS! DON'T FAIL, THEREFORE, AS YOU CANVASS THE STATE, TO LOOK AFTER THE WOMEN. YOU ARE ALL GOOD LOOKING AND THEY KNOW IT, BUT WITH NATIVE MODESTY, LIKE NEW ENGLAND GIRLS, THEY LIKE TO BE APPROACHED FIRST—DON'T BE AFRAID OF THEIR EYES—THEY GLARE LIKE YOUNG LEOPARDS BY DAY LIGHT, BUT UNDER THE MOON NO BLUE DEATH-STRICKEN FAWN'S IS HALF SO TENDER OR HALF SO DEEP. DON'T READ JUDGE PEARSON'S LETTER TO THEM BUT GIVE THEM BYRON AND SHELLEY IN VOLUMES AND YOU WILL HAVE THEM IN YOUR ARMS, IF NOT IN YOUR PANTS, IN LESS THAN A WEEK."

NO PROTECTION FOR PROPERTY OR LABOR.

We put it to the people of the State, of all parties, to say whether any government can or ought to last that affords no protection to property and labor? Can there be any prosperity for the people und r such a government? Will men of energy and capital live in such a government? That such a government can not last is too manifest to be seriously debated.

Well, now, we ask the p ople of this State to put the question to themselves, each for himself, is there any protection for property and labor in North Carolina, at this time, and under the Radical Constitution and Radical rule? It seems to us clear that he is obliged to admit that there is none. What do we see? Without stopping to examine the frame work of the Radical Constitution, let us scrutinize its workings:

In less than *six months* from the beginning of the Radical System of government, the public debt is increased *ten millions of dollars!!* The immense expenditure of money used to keep this government in operation is without a parallel in the history of the State. *Ten thousand dollars* are appropriated to furnish a house for the Radical Governor to live in, and he gets a salary of $4,000 and other State officers salaries in proportion. New, unheard of and unnecessary offices are created. The presiding officers of the Legislature get $10 a day each, the members $7 a day each, and all the officers of the Legislature fees and *per diem* in like proportion. New, extravagant and unnecessary changes are made in and about the Capitol. In short, there is no end to the stream of expense. There was never anything like it in this State before. We challenge a successful contradiction of what is here stated.

This reckless and criminal extravagance is carried on, too, at the close of a terrible civil war, when the whole country is desolated and impoverished. Is this not so? Let any one say. Was there ever a time when our people were poorer and less able to bear public burdens?

Why is all this extravagance tolerated? The answer is plain: There is no Constitutional protection for property and labor. Everybody knows the *tax-paying* people did not, and do not, want this increased debt of $10,000,000, and this ceaseless and enormous extravagance. It is equally as plain that the *tax-payers* did not *create* this increased debt and extravagance, and that they do not now assent to it. Then how came this state of things? SEVENTY-FIVE THOUSAND NEGRO VOTES DID IT!! This is the secret and explanation of the matter.—These negroes pay no taxes, or almost none and the little they do pay goes to the 'School Fund' to educate themselves, and not to the discharge of this increased debt and to pay for this Radical extravagance of salaries and living. What, then, do they care for extravagant appropriations? Just nothing at all! And the men whom they elect to office care just as little. These men are not *dependent* on the *tax payers* for their offices; the tax payers did not e'ect *them;* the thoughtless, idle, non *tax paying* negroes elected them. The tax payers cannot help themselves, because there is no *Constitutional check.* The Radical leaders, including the "carpet baggers," made this Constitution this way, on purpose to let the *negroes rule;* they well knew that their success depended entirely on *negro rule and supremacy!* There are more than *sixty thousand* majority of *tax payers* against this Radical government, and yet they are helpless! *Seventy-five thousand* negro voters, aided by a handful of deluded white men, vote them down and rule the State. The State is now under *negro rule; negro supremacy* is this moment triumphant and defiant! This *negro power* not only thus rules and destroys and impoverishes the State, but it is daily and nightly organizing itself into a *military power* to perpetuate such terrible ascendancy. The "negro leagues" all over the State are drilling and organizing daily and every night. Their sentiments are open and defiant.

They do not stop at this. This *negro power,* through its Radical Legislature, has passed an act providing for the organization of a *Radical army,* for the purpose of establishing and perpetuating negro rule and supremacy, and, to accomplish this, the whole Treasury of the State is put at the discretion and direction of a malignant Radical leader, called the "Governor" of the State, and he is proceeding to organize this *Radical army!* The officers, or most of them, to do this work, have been appointed. All of these are Radical officers,—some of them men who would not lend themselves to such a scheme, if they knew its exact purpose and compass. All this and much more looking to the same end is true. Are the people going to sit still and allow themselves thus to be ruined? Can they, *will they,* stand it? Let the people think more of Radical negro rule and resolve to *put it down!*

THE NEXT State election takes place in Nebraska on the first Tuesday of October. The contest will be for one Congressman, Governor of the State, State officers, and members of the Legislature. The Radicals elected their Governor in 1866 by 145 majority. In the ensuing Congressional election, they succeeded by a majority of 745.

We know very little as to the prospects of the election in October. We have heard little or nothing as to the campaign in that State.

TROUBLES IN ARKANSAS—FIVE MEN SHOT DOWN WHILE IN CHURCH.

WALNUT GROVE, CROOKED CREEK, Carroll Co., Ark., Sept. 8, 1868.

On Sabbath last, at the conclusion of the religious services, the whole congregation were thrown into the utmost consternation by the sudden and rapid firing of pistols in their midst. The shrieks of the affrighted women and children, in connection with the pell-mell rush of the innocent and unsuspecting congregation, doubtless thinking they would be in tantly murdered were hideous in the extreme. Five men were instantly shot down, against whom no charges could be justly prefered, save only that they were Conservatives or Democrats. A Mr. Ferrand, an ex-Federal soldier, died instantly. A Mr. Thomas died the next day, and Charles Lamb is not expected to live; while the other two Wamick and Robert Lamb, it is thought, will recover.

Young Ferrand, who died instantly, was shot for having on an ordinary calico duster—a fashion adopted by the students of Berryville Academy, in contradistinction of that of the young men of the country—they (the Rads) believing it to be a K. K. garb when, in fact, none of the Klan are among us. As an evidence of the murderous intention of this lawless banditti, they deliberately informed some of their supposed friends, then on the ground, of their design.

There are some ten Democrats to one Radical in this county; and, although the excitement has been intense almost to frenzy, yet nothing has been done by the citizens to bring these brutal assassins to account by enforcing the civil law, hoping the loyal militia, as it was their imperatively sworn duty, would see the laws adopted by their Legislature faithfully executed, and order promoted. But to the wondrous amazement of everybody, these very cut throats went immediately to their own kith and kin (the militia) for protection, and it is now generally known that runners were sent pretty well throughout the country to rally and bring together the largest possible number of the Union League, lest they should have been overpowered and the criminals arrested.

HOW THE NEGROES GET ARMS.

The Talbotin (Ga.) *Gazette,* of the 10th inst., says:

"Much surprise is often expressed in relation to how and where the negroes in some sections obtain the new Enfield rifles with which they parade. A circumstance related to us by Major Maxen, of South Carolina, may help to unravel the mystery.

Some weeks ago a coffin was received at New Market, a station on the railroad, about twenty-five miles above Dorn's Mine, in Edgefield District, marked to a noted Radical. The suspicions of the station master being excited by its weight, it was opened and found to contain new Enfield rifles. These were taken out, and a few days after the coffin was delivered to the person to whom it was addressed, who had the prudence to keep silent in regard to the loss of the contents."

GEORGIA.—The Radical Convention at Cartersville was attended by two men only. One took the chair and appointed the other a delegate to the Kingston Congressional Convention. Great enthusiasm and harmony prevailed.

It is said that only four white men in Thomas county will vote for Grant and Colfax.

At a meeting held last Saturday night by the Democratic club at Cotton Hill, Clay county, after a speech by W. D. Kiddoo, Esq., ten out of the twenty-five colored persons present came forward and joined the club, among the number Turner Wimberly, formerly the leader of the loyal league, and who is said to have more influence than any other colored man in that section.

ALAS! THE POOR NEGRO!

Nothing could better establish the incapacity of our colored population for the franchises of citizenship than their dogged determination to adhere to and support carpet-baggers and scallawags for office.—They have, up to the present time, been deceived by their pledges and promises, and still, in the main, they cling to them. *Gentlemen,* whom they have known all their lives as men of truth and as their best friends, may as well whistle to the winds, as talk to most of them about their future welfare. They have gotten into the coils and meshes of the carpet-bagger and the loyal leagues, and there they intend to remain until their ruin is accomplished. The colored people seem to be bought and paid for, by the Radicals, with the foolish idea that *voting* is the means by which they are to live without work. Office-seeking has taken hold of the negro as strongly as it has upon the carpet-bagger and the scallawag. As to *work,* that is out of the question, as a *future* reliance. They are told by the white Radicals, "you must not push yourselves, forward, *now,* for office,—it will injure our party; wait awhile, and then you will find no difficulty."

The colored voters are so essential to the carpet-baggers and scallawags—so identified, for the present, with them, in interest and in their schemes of plunder and place, that the colored people feel they are *one.* Yet how little do they know of their place! No carpet-bagger, no scallawag, no sensible negro, thinks that the colored voters are qualified for universal suffrage. They will all say so, yet we have to see the *first* colored man, who does not believe that *he* is fit.

What the white Radicals think of the negro, as to his future, is, however, being fully developed. In the Georgia Legislature, it is plain that the Radical whites are opposed to negroes being in that body. Gov. Warmouth, the carpet-bag Governor of Louisiana, has just vetoed the negro equality law, passed by the Louisiana Legislature. At Camilla, Ga., the blacks were led to their injury and ruin by carpet baggers.

The policy of the Radical carpet baggers seems to be to put down the colored voters, ultimately, by the introduction into the South of large bodies of foreigners and Northern men. The ideas of Yankee progress cannot be accomplished in the South, otherwise. Expensive State governments, such as they advocate—large increase of the State public debt, and extensive Railroads and mining and manufacturing operations,—cannot be carried on by the colored population. There must be a large influx of foreign population—our plantations must be cut up and cultivated by skilled *white* labor,—to carry out their visionary schemes.

On the other hand, to facilitate this operation, the policy of the scallawags, at present, seems to be the *colonization* of the negro in some other land. This is the talk among white native Radicals, when they are pressed by the Conservatives upon the subject of negro equality. A late number of the Winston *Sentinel* gives the following in confirmation of the idea: It says:

"A. H. Joyce, of Stokes County, the Solicitor for the 8th Judicial District, is well known throughout this section of the State as one of our greatest negro demagogues, and one who panders to their passions as much, if not more than any Radical in this district. In conversation a few days ago with a gentleman, in Stokes County, he said:

'B—we are all together now.'

'The h—ll we are,' says B. 'You have gone to hunny-fugging with the negroes, and are trying to place them above the white men of the South, and are doing all you can to ruin the country, while I am for a white man's government with such laws as will bring prosperity to the country.'

'Oh,' says Joyce, 'this thing won't last but two or three years longer. The land will have to be cut up into small lots and sold out to emigrants, and the negroes will soon be starved out and have to leave the country.'

"Then why in the name of God do you talk to the negro in the way you do? What you tell me is the truth, if your principles are carried out. And you are advising the negroes to a course that is certain destruction to them and to the white men, too.—Why don't you try and get him to go with a party that will save our property and keep the negro himself a home?"

The evidence is now rapidly accumulating, that just so soon as the purposes of the Radicals are secured, through the agency of the negro, *he will be cast aside by them.*—When that day comes, none will be more hostile to the negro, than the very men who have used him. The negro, now, is the chief impediment in the way of immigration, in the way of building Railroads and factories, in the way of a large white, industrious population, settled on small farms highly cultivated, in the way of manufacturing, mining, &c., by which the wealth of the country is to be advanced. The negro has done nothing to develope the rich North, nor can he do anything to develope the South, and he certainly *will not,* so long as he claims *equality* with the whites.—Hence, he must be disposed of some way.—When these schemes are in a fair way of accomplishment, who then will care for the poor negro?

THE OUT-LOOK.

The Radicals have been trying the "brag" game for a week or two past. The Vermont and Maine elections gave them hope, and their assumed air of confidence is amusing. They are certainly a very easily elated set of people. Every straw that floats along they catch at as if it were a life preserver. Gentlemen, be not longer deceived! You have been weighed and found wanting! Our advices from all quarters encourage the most sanguine expectations of success. The October elections will prove this. Pennsylvania, Ohio and Indiana will next month each declare their determination to extirpate Radicalism in November. Mark the prediction!—*Washington Evening Express.*

WASHINGTON, Sept. 26.

The absence of General Grant at Galena, and of Gen. Rawlings in Connecticut, has left the headquarters of the army here in charge of Col. Parker. General Grant's presence was never needed here more than at the present time, but for some purpose, best known to the Radical leaders, he is kept at Galena. It is now stated that the General will not return here until after the October elections.

AN EXPRESSION OF THE PEOPLE AS TO THE PRESENCE OF ARMED NEGROES.

Pursuant to a call in these columns in our last, the citizens of this place and vicinity, irrespective of party, met in Literary Hall on Thursday, at 12 o'clock, for the purpose of condemning the sending of an armed militia force into a peaceable community.

On motion of Capt. Wm. A. Kerr, the meeting was called to order by Mr. B. W. Bass being called to the chair, and Jordan Stone requested to act as Secretary.

Capt. E. N. Peterson explained the objects of the meeting to be to express the sentiments of the people of this community as to the appearance in our midst on Friday, the 18th inst., of an armed negro militia force, who came for the avowed purpose of protecting the person of one John H. Everett from a people who had no intention of injuring him or his.

He was followed by Capt. Kerr with a few appropriate remarks.

On motion, Messrs. Jordan Stone, W. H. Day and W. A. Kerr were appointed a Committee to draft resolutions expressive of the sense of the meeting, which Committee reported the following preamble and resolutions, which were unanimously adopted:

WHEREAS, On the 18th. inst., an armed body of negroes, organized and under the command of one J. H. Everett, bearing a commission from W. W. Holden, Governor of North Carolina, marched into the town of Weldon without any necessity therefor, to the evident danger of creating strife amongst a people who are entirely disposed to peace and harmony; therefore, be it

Resolved, 1. By this meeting of the citizens of Weldon and vicinity, irrespective of party, that such proceedings deserve the strongest condemnation of all good men throughout the country, both North and South, and we enter our earnest protest against any and all such attempts, by whomsoever authorized or conducted, to create the false impression that any power is necessary to execute the laws of the State of North Carolina and of the United States, save that of the duly constituted civil authorities.

Resolved 2, That we declare ourselves ready and willing to yield a cheerful obedience, at all times, to the laws of our State and country, and to aid the civil authorities, to the extent of our ability, in the execution of their duty.

Resolved 3, That the thanks of the law-abiding citizens of Halifax are due, and are hereby tendered to John A. Reid, Sheriff of the County, for the manner in which he proved the peaceableness of our citizens, and for the effectual vindication of the civil over the military authority.

Resolved, That a copy of these Resolutions be furnished the Roanoke *News* and the Raleigh *Standard* and *Sentinel,* with request that they be published.

There being no further business before the meeting, on motion, the meeting adjourned.

AN OUTRAGE ON WHITE MEN.

Over a thousand Negro Troops are kept in, or near, Goldsboro, N. C.—notwithstanding the Radicals have complete control of that State through the negro, in "Governor" Holden, their overseer, and master and owner. Even the white officers over these soldiers own up they can do nothing with them,—when white men appeal to them for redress for negro soldier outrages.

The white people of Colorado, Montana, New Mexico, Nebraska, and Dacotah, are suffering frightfully from Indian outrages. We read to-day of a terrible siege of 50 white soldiers by about 700 Indians, and other Indian outrages. Why keep these negro soldiers in the now *civilly* organized State of North Carolina? Why not send them out on the Western Prairies to fight Indians.—*N. Y. Express?*

PENNSYLVANIA.—The work goes bravely on. In addition to the long list of meetings held under the immediate auspices of the State Committee, the local canvasses ordered by that committee are vigorously prosecuted in every locality. There is scarcely a county in the State in which its orators are not upon the stump, arousing the people to the vital importance of the pending issue. In glancing at the newspapers of the different localities, we see twenty-two meetings advertised in Venango county, nineteen in Northumberland county, ten in Franklin county, fifteen in Chester county, nine in Indiana county, thirteen in Beaver county, seventeen in Cambria county, eleven in Butler county, sixteen in Fayette, nineteen in Cumberland county, eleven in Fulton county, twenty-two in Armstrong, and corresponding numbers in many others. This is the effective way to reach the people, and must tell upon the result.—*Philadelphia Age.*

CAN NEGROES HOLD OFFICE IN ALABAMA?—This is the prominent question now under discussion by the Alabama press.—The example of the Georgia Legislature in ousting her negro members, seems to be contagious, and as the same laws apply to both States alike, it is not at all unlikely that the question will be decided in Alabama as in Georgia, that negroes are not entitled, under the laws so skillfully manipulated by the cunning carpet baggers and scalawags, either to represent a constituency in the Legislature, hold office, or sit in a jury box.

The negro is, indeed in danger of being wheedled out of his birthright by his friends.

APPOINTMENTS.

M. S. Robins, Esq., our Elector for the 5th Congressional District, requests us to announce that Col. Livingston Brown and himself will address the people at the following times and places, viz: At

Kernersville,	Wednesday,	Sept.	30,

Brown will attend his own appointments, as already announced, at Lexington, Albemarle and Winston, and that Mr. Robins will be at Spainhour's, Bethania and Winston, as announced above.

FLAG PRESENTATION.

The ladies of the Eastern Ward have prepared a beautiful Flag for presentation to the Seymour and Blair Club of the Ward. This is *just like them*—always patriotic and true.

The Presentation ceremonies will take place at the new Club Room, on Wednesday evening, at 8 o'clock.

A number of speeches may be expected.

Immediately after the presentation, the flag will be hoisted to the top of the pole, which will be erected during the day at Wednesday.

The ladies of the city, and the Clubs of the Middle and Western Wards, are respectfully invited to be present.

PUBLIC MEETING AT BEULAH.—The Hon. Sion H. Rogers, the Hon. J. T. Leach, Thos. D. Snead, Esq., and others, will address the citizens of Johnston Co., at Beulah, on Friday, Oct. 16th., 1868. All are cordially invited to be present.

SPEAKING AT LAWS'.—There was a large crowd assembled at Laws', in this county, on Friday, to hear the Hon. D. G. Fowle and M. A. Bledsoe, Esq., who had been invited to address the people. Both gentlemen spoke at length and with their usual ability. The finest spirit prevailed. The men of that section will do their whole duty.

JOHNSTON.—Our intelligence from this county is of the most glorious character.—The gains over the last election will be tremendous. Radicalism in Johnston was on its last legs before the recent shameless attack of the organ on the ladies of North Carolina. *That* has given it the finishing blow. The county will give a large majority for Seymour and Blair.

NO COLLARDS.—We learn that Bro. Whitson and "Adjutant General" Fisher went down to Banks', on Saturday, to address the negroes, according to extensively published appointment. There was *not a man or boy there*—white or black,—to hear them, and they mizzled incontinently. '50,000 in the City! Procession seven miles long!!'

A negro in Virginia read a "Grant and Colfax" banner, Grant and colored folks.—*Exchange.*

Bro. Whitson reads it "Grant and *Collards!*"

EDGEWORTH FEMALE SEMINARY.—We are pleased to learn that this Institution, at Greensboro', has been revived under the most encouraging auspices. Sixty pupils have entered and others are expected.

For the Sentinel.

OH! YE TANNERS!

At a meeting of the Radical "Tanners," last night, Collards Whitson (one of five white manipulators present) was called to the chair, and Drum was Secretary.

A motion was made for the negroes to walk up and pay $2 each (to whom?) to get a uniform. If he did'nt do so, *he couldn't go* to the Convention at Greensboro, on Friday next!!

Thus it is that the party that pretends to love the negroes so well, would make ignorant colored people pay their earnings, for the benefit of a few leaders!

Rather than allow them to keep their little money for their wives and children, they extort the last cent from them for their own selfish purposes!

WIDE AWAKE.

NORTH CAROLINA.

There was an enthusiastic meeting of the Goldsboro Seymour and Blair Club on Friday evening last. It having been announced that two colored Speakers, Abraham McKinsey and Lewis Levi, of Wilmington, would address the Club there were not less than 500 persons, white and black, present.—Both of them made sensible speeches, in which they warned their brethren against the snares of the carpet-baggers. Strong resolutions, denunciatory of the *Standard's* brutal attack upon the ladies, were adopted.

The Wilmington *Star* is prepared to supply Democratic Clubs with the infamous attack of the *Standard* on the women of North Carolina, at $3 per thousand. It says, very truly, that a copy should be placed in the hands of every man in the State. It is the best campaign document yet issued.

The Newbern *Journal of Commerce*, speaking of the savage and infamous Radical insult to the women of North Carolina, says:

"Such are the means to which the Radical party in North Carolina through its organ, proclaims itself ready to resort for electioneering purposes. If this declaration of the party does not carry the State for Seymour by an overwhelming majority, then, indeed, are a portion of the people of North Carolina fit to become the subjects of the vilest despotism that can be conceived."

The Seymour and Blair Pole, just erected in Wilmington, is 125 feet in height. Upon occasion of the flag presentation, eloquent addresses were made by Col. A. M. Waddell Maj P. F. Duffy, Col. R. H. Cowan, and others. The occasion was one of the most enthusiastic ever witnessed in Wilmington.

There was a glorious Democratic Mass Meeting and Barbecue, in Beaufort, Carteret Co., on Friday last. A delegation of two hundred from the Seymour and Blair Clubs of Newbern were present. Henry R. Bryan, Esq., Maj. John Hughes, Dr. L. W. Martin, and others, addressed the large assemblage with fine effect.

The Wilming on *Star* says that the negroes there are *having regular drills*, every night. It asks "what are these *armed* bodies preparing for? We call on the Conservatives and Democrats of this city to investigate this matter and come out openly and boldly and show the midnight plotters that they are not asleep."

A tall Seymour and Blair pole was raised in Weldon on Saturday evening. The flag was made and presented by the fair ladies of the place.

"Judge" Cantwell, (of "Cockade" renown,) having as yet failed to have his disabilities removed, is unable to qualify as Holden's Judge of New Hanover Criminal Court.

LOOK OUT FOR IT!

When the Democratic Club of Wilmington attended our Convention in August, they brought with them a large banner of canvas, bearing the names of our National candidates. The banner was about 20 feet in length, by 8 feet in width, and was rolled up and tied upon long poles. In the hurry of the departure of the delegation, it was left at the Depot, lying upon the platform. At the request of our friends in Wilmington, we have made enquiry at the Depot, but can hear nothing of the banner. Our Wilmington friends are very loth to lose it, as it constituted the principal decoration of their Club Room. We beg our friends in the city to make a look-out for it, and endeavor to assist in its recovery.

EVERY ONE MUST REGISTER!

We are really astounded at the ignorance of the law which still manifestly exists on the subject of Registration.

Let every Press in the State, and every speaker from the hustings, impress it continually upon the people:

That every man in the State, who intends to vote in the coming election, must REGISTER before he can do so. The previous registration goes for nothing. Every man must REGISTER AGAIN!

SUPPRESSING IT.—A friend in Washington, N. C., writes us to send him some copies of the *Standard* containing the infamous attack on Southern women. As much as $2 per copy has been offered for the paper in that section, but none can be had for love or money. All of that vile issue have been *suppressed*.

SUPERIOR COURT OF JOHNSTON.—This Court closed on the 26th inst. A great deal of State business was disposed of and four persons were sentenced to the Penitentiary; Jno. and Wm. Starling, whites, (stealing cat le,) for 3 years; Alex. Keene (colored,) arson, for 17 years, and Alex. Neely, (colored,) manslaughter, not yet sentenced.

A CARD.

MESSRS EDITORS:—As a "Post-Office official," manifestly included in the unprovoked, uncalled for and gratuitous remark, contained in the last paragraph but one of Mr. Menninger's (Secretary of State) Card, of the 25th. instant, I have to say for myself, as one of those officials, that I know nothing of *scanning* "the mail for political capital or food," nor what is meant by the expression; but I do know that recent experience has taught me the necessity of more closely *scanning* it, for the purpose of protecting it against frauds from sources, both private and official, whence I certainly had not anticipated anything of the kind.

The documents from the office of the Secretary, that were forwarded under the frank mentioned in his Card, were forwarded without my knowledge, and under the preconception, I suppose, on the part of the Post Office clerks, (a very charitable one,) that nothing wrong was likely to emanate from that quarter.

The offer of payment of the postage upon them was made after they had gone, and, of course, too late to ascertain what it would have been—they being chargeable by weight. The offer, I have no doubt, was made in good faith.

Respectfully, Yours,
A. MILLER, P. M.

TRUTH WELL TOLD—RADICALISM AND THE NEGRO.

Judge Thurman, of Ohio, Senator elect, delivered recently a speech at a Mass Meeting at Grafton, West Virginia. After a calm review of the past, he showed that, after the termination of the war, the South offered no impediment to the restoration of harmony, and said:

"That was the feeling of the people and the feeling of the armies on both sides, until the Radical politicians set to work to inflame the hearts of their party and pervert their judgment, and pervert their very souls, so as to make them do wrong. Then commenced that series of Congressional measures. Then was that fourteenth amendment of the Constitution proposed, when it was known full well there was not a Southern man who was fit to hold up his face in God's sunlight and look his neighbor in the face who could consent to vote for it; a thing that required every man to write his own dishonor and the dishonor of every man in whom he had trusted or confided; to write their own dishonor in the Constitution of their country; an amendment that required every father to write that his own who fell in battle in support of the lost cause was a man who deserved to be disfranchised in the land that gave him birth; and yet we asked the father to assent to that in the Constitution of his country.—They knew it could never be adopted; they never intended it should be adopted. They proposed it that it might be rejected, and that they might prevent the restoration of the Union, and have a pretext for keeping the States out of the exercise of their rights. It was a mere trick; an artifice; but it served its purpose. It was rejected; and the refusal of the Southern people to write their own dishonor in the fundamental law of the land was made the apology and the excuse for those restrictive acts which have followed—the whole sum and substance of which is to put the heel of the negro on the neck of the white man? For the good of the negro? They are foolish to think so, or they are the most wilfully deceived men in the world. It is not the negro that these Radical politicians love. They put an end to what is called slavery in order to institute political slavery, in which they shall own six or seven hundred thousand voters with black skins. They would no more allow the negro to vote if they thought he would vote with the Southern white men than they would think of permitting him to enter their family circle, to make them the husbands of their daughters or the wives of their sons. Not the least bit of it in the world. It is because they want the negro to vote, not as the negro may please, not as the negro's instincts may teach him, or interest dictate, but they want him to vote as Loyal Leagues inaugurated and kept up by Freedmen's Bureaus, kept up by carpet-bag adventurers, may dictate. It is because they want him as a voting machine of that kind to keep them in power, and enable them to rule us of the North, and perpetuate this taxation, perpetuate this debt, and perpetuate this overthrow of the labor of the country. It is for this purpose that they want the negro to vote. It is no love of the negro. [Cries of "That is so."]

I would here call you attention to a remark of one of the ablest of their Senators, who a few days since, in Congress, said that we are on the eve of another rebellion. If we do not submit to all the unconstitutional acts that Congress may see fit to pass, and if the people are disposed to elect a President who is opposed to these unconstitutional acts, then, although we may do nothing in the way of taking up arms, they will take up arms in order to sustain their unconstitutional acts. That's what it comes to, when plainly stated. ["If they do, we'll whip 'em." Laughter and cheers.]

Now, considering the Radicals never had more than about one-third of the people of the United States, I think if they extend the area of the fighting ground they may possibly get the worst of it. [Laughter and cheers.] But I am for peace; I don't want war; and I believe we are going to succeed without it; and I think those gentlemen who are so full of fight will have to submit, and submit peaceably; and speaking, figuratively, I think they may soon desire to know upon what terms we will permit them to surrender. [Loud laughter and cheers.] That will be a matter for you to consider, whether you will require an unconditional surrender, or whether you will allow them to march out of office with all the honors of war. [Laughter.]

I think, and I say it after the maturest reflection—and I shall be very happy to find I am mistaken, if it be that I am in the wrong—I do not believe it possible that this Radical policy can prevail without sooner or later producing a war of races in the South, and the extermination of the negro. It is my firm belief that these Radicals are the worst enemies the negroes ever had. ["That's so."] It is not in human nature that the white race, and we belong to the most persistent race the world has ever seen—a race that, since it left the shores of the Caspian sea, fourteen centuries ago, has never met an obstacle that it did not overcome—it is truly impossible, I say, to believe that this race of white men can submit to see itself ruled by a race that has been the most degraded of all it has pleased Providence to put upon this earth. [Cries of "Never."] Why, good God, just think of it! Here are these States represented in Congress, in Gubernatorial chairs, in their Legislatures by negroes, or by men who could not get offices in the North, and so run South to get them.

Now is not that too bad? Suppose it were proposed to rule you in West Virginia and us in Ohio by a set of Southern carpet baggers, with an importation of Ku Klux and niggers, and turn Governor Boreman and the officers of West Virginia out, and put in a parcel of big negroes and another parcel of carpet-baggers, don't you think that they would find that it was another or that was gored? How would they like that kind of medicine? [Cries of "Not very well," and laughter.] And yet this is the way the people are being treated in the South.

But do they expect peace? Have they ever read England's history? Has not England been engaged in trying to hold people by force, instead of binding them by affection? England has been at this work ever since the reign of Henry VII. She has spent millions upon millions of treasure, and oceans, I was going to say, of blood, to get and keep Ireland down under her heel; and what has been the result? Now, after centuries and centuries of military despotism, it is shown there, as it has been in the United States, (for carpet bag rule has been tried there as well as here,) that after all that, Pat, even from the shores of America, when he raises the cry of Fenian, causes the English monarch to tremble on his throne. [Cheers.] Cannot they see it in Poland, where every generation of young men that grows up brings about another revolution, or an attempt to shake off the chains of despotism? Can not they see it wherever it has been tried, from the earliest dawn of history down to this very time, that the idea of holding a great people together by mere force, against their affections, against their sympathies, and, more than all, against their honor, that this is a thing that God in his providence intends shall not exist permanently upon this earth? ["That's so," and cheers.] If you are to hold the Southern people—and I trust in God no one who is now living, or who will live for a thousand years to come, will see us disavowed—but if you will hold the people of this country together, as we want to hold them together, you can only do it by treating each other with mutual respect, with mutual confidence, and with a regard for the mutual interest of them all. In other words, you can only do it by acting as you would be acted by. "But," says some pious gentleman, "if you are in favor of so treating white men, why not treat the negro as well? Are we not all of one blood?" And yet this man does not understand the meaning of the text he quotes. "Is not our colored brother a man and a brother?" he asks, and, at the same time, holds his nose as he walks by the negro. [Laughter.] "Has he not an everlasting soul?" says another man, who shows that he has no soul himself by cheating the negro the first chance he gets.

In answer to all this argument, I say when I refuse to give the negro the right to vote, I do him no more injustice—nay, I don't do him a tithe of the injustice you all do when you deprive your intelligent and patriotic mothers and sisters of the right of casting a vote; when I say I am not willing to put the negro politically above my wife and sister and daughter, [applause and cries of "Never, never!"] I think I have answered it enough when I have said that. But, further than that, I answer it by the history of this world, which has but one side to this question; and what is that? History has been written for more than four thousand years, and in all that there is not one single recorded instance of a civilized negro government. ["There never will be."] The negro race is, perhaps, as old as our race, and yet, in all that time, with the same advantages that the white race has had, with the same advantages that the yellow races of Asia have had, the negro race has never, in a single instance, organized and maintained a civilized government."

The Alabama Legislative delegation is with the President.

The prosecution against Surratt will probably be continued.

Semi-official gossip regarding Mr. Davis' trial has it that Mr. Evarts will take no active part,—he having originally suggested Dutton as a proper person to lead the prosecution. Gov. Wellos, of Virginia, continues to take an active interest in the prosecution, as a lawyer. The impression prevails, in official quarters, that there will be no trial.

Our Midnight Dispatches.

FROM WASHINGTON—THE ALABAMA DELEGATION—THE NEW YORK HERALD ON GEORGIA MATTERS.

WASHINGTON, Sept. 28, P. M.

The Alabama delegation had two hours interview with the President, to-day, during which they presented their documents and had a free conversation. Another interview was fixed for to-morrow, when the Secretary of War will be present, and the President's answer communicated. Meantime, parties to the interview will consider themselves bound to silence regarding details.

The *Herald* says, editorially: "The Governor of Alabama is certainly not far wrong in his notion that more national troops are unnecessary in that State. The presence of fifty thousand soldiers in Alabama would not be so effective in keeping the peace as the Camilla fight will prove. Now that the whole history of that event is seen, it is undeniably clear that *the niggers provoked the disturbance*. They marched with their Radical leaders, with music and arms, into a quiet town, comporting themselves in an offensive manner, making a bullying expedition, and the menace of their conduct was met as if it were real. Niggers will see by their example that it is not yet safe to bully white men, and that will prevent collision."

FROM RICHMOND—DREADFULL MURDER AND RAIL ROAD ACCIDENT.

RICHMOND, Sept. 28, P. M.

On Saturday night, in New Kent county, Mrs. Stewart, a widow, was murdered, and the corpse buried with the dwelling. John Baker, her former manager, was also murdered and robbed of five hundred dollars in gold. Four houses were recently burned in the same neighborhood.

A special to the *Dispatch* says:

"The train on the Central Rail Road, with two hundred of the 29th. Infantry, bound from Washington for Tennessee, ran off this afternoon near Gordonsville, killing four and wounding a large number. Four cars went off. Three companies of the same regiment left here, to-day, for Tennessee."

FROM GOLDSBORO—NEGRO TROOPS ATTEMPT A ROW.

GOLDSBORO, Sept. 28, P. M.

On Friday night last, a band of United States colored troops at this point attempted to mob two colored Democratic speakers, but were prevented from doing so by white citizens.

In a conflict last night between the colored soldiers and citizen negroes, one of the former and one of the latter were wounded. Amputation of the lower limb in the latter case is necessary. There is considerable excitement and a general feeling of insecurity on the part of the citizens.

THE NATIONAL DEMOCRATIC CONVEETION!

THE PLATFORM.

"The Democratic party, in National Convention assembled, reposing its trust in the intelligence, patriotism, and discriminating justice of the people, standing upon the Constitution as the foundation and limitation of the powers of the government, and the guaranty of the liberties of the citizen, and recognizing the questions of slavery and secession as having been settled, for all time to come, by the war or the voluntary action of the Southern States in constitutional conventions assembled, and never to be renewed or re-agitated, do, with the return of peace, demand:

First.—Immediate restoration of all the States to their rights in the Union, under the Constitution, and of civil government to the American people

Second.—Amnesty for all past political offences, and the regulation of the elective franchise in the States by their citizens.

Third.—Payment of the public debt of the United States as rapidly as practicable; all moneys drawn from the people by taxation, except so much as is requisite for the necessities of the Government, economically administered, being honestly applied to such payment, and where the obligations of the government do not expressly state upon their face, or the law under which they were issued does not provide, that they shall be paid in coin, they ought in right and in justice, to be paid in the lawful money of the United States.

Fourth.—Equal taxation to every species of property according to its real value, including government bonds and other public securities.

Fifth.—One currency for the government and the people, the lab rer and the office-holder, the pensioner and the soldier, the producer and the bond holder.

Sixth.—Economy in the administration of the government; the reduction of the standing army and navy; the abolition of the Freedmen's Bureau (great cheering); and all political instrumentalities designed to secure negro supremacy; simplification of the system and discontinuance of inquisitorial modes of assessing and collecting internal revenue, so that the burden of taxation may be equalized and lessened, the credit of the government and the currency made good; the repeal of all enactments for enrolling the militia into national forces in time of peace; and a tariff for revenue upon foreign imports, and such equal taxation under the internal revenue laws as will afford incidental protection to domestic manufactures, and as will, without impairing the revenue, impose the least burden upon and best promote and encourage the great industrial interests of the country.

Seventh.—Reform of abuses in the Administration, the expulsion of corrupt men from office, the abrogation of useless offices, the restoration of rightful authority to and the independence of the executive and judicial departments of the government, the subordination of the military to the civil power, to the end that the usurpations of Congress and the despotism of the sword may cease.

Eighth.—Equal rights and protection for naturalized and native born citizens at home and abroad; the assertion of American nationality which shall command the respect of foreign powers, and furnish an example and encouragement to people struggling for national integrity, constitutional liberty and individual rights; and the maintenance of naturalized citizens against the absolute doctrine of immutable allegiance and the claim of foreign powers to punish them for alleged crime committed beyond their jurisdiction.

In demanding these measures and reforms we arraign the Radical party for its disregard of right, and the unparalleled oppression and tyranny which have marked its career. After the most solemn and unanimous pledge of both Houses of Congress to prosecute the war exclusively for the maintenance of the government and the preservation of the Union under the Constitution, it has repeatedly violated that most sacred pledge, under which alone was rallied that noble volunteer army which carried our flag to victory.

Instead of restoring the Union, it has, so far as is in its power, dissolved it, and subjected ten States, in time of profound peace, to military despotism and negro supremacy.

It has nullified there the right of trial by jury; it has abolished the *habeas corpus*, that most sacred writ of liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures and arrests, and military trials and secret star chamber inquisitions for the constitutional tribunals; it has disregarded in time of peace the right of the people to be free from searches and seizures; it has entered the post and telegraph offices, and even the private rooms of individuals, and seized their private papers and letters without any specific charge or notice of affidavit, as required by the organic law; it has converted the American capitol into a bastile; it has established a system of espionage and official espionage, to which no constitutional monarchy of Europe would dare to resort; it has abolished the right of appeal on important constitutional questions to the supreme judicial tribunal, and threatens to entrail or destroy its original jurisdiction, which is irrevocably vested by the Constitution, while the learned Chief Justice has been subjected to the most atrocious calumnies merely because he would not prostitute his high office to the support of the false and partizan charges preferred against the President. Its corruption and extravagance have exceeded anything known in history, and by its frauds and monopolies, it has nearly doubled the burden of the debt created by the war. It has stripped the President of his constitutional power of appointment, even of his own Cabinet. Under its repeated assaults the pillars of government are rocking on their base, and should it succeed in November next, and inaugurate its President, we will meet, as a subjected and conquered people, amid the ruins of liberty and the scattered fragments of the Constitution: and we do declare and resolve that ever since the people of the United States threw off all subjection to the British Crown, the privilege and trust of suffrage have belonged to the several States, and have been granted, regulated and controlled exclusively by the political power of each State respectively, and that any attempt by Congress, on any pretext whatever, to divest any State of this right or to interfere with its exercise, is a flagrant usurpation of power which can find no warrant in the Constitution: and it cannot be tolerated by the people will subvert our form of government, and can only end in a single centralized and consolidated government, in which the separate existence of the States will be entirely absorbed, and an unqualified despotism be established in place of a federal union of co-equal States; and that we regard the reconstruction acts (so called) of Congress as usurpations, and unconstitutional, revolutionary and void; that our soldiers, who carried the flag of our country to victory against a most gallant and determined foe must never be grateful remembered and all the guarantees given in their favor must be faithfully carried into execution.

That the public lands should be distributed as widely as possible among the people and should be disposed of either under the pre-emption or homestead laws and sold in reasonable quantities, and to none but actual occupants, at the minimum price established by the government. When grants of the public lands may be allowed necessary for the encouragement of important public improvements, the proceeds of the sale of such lands, and not the lands themselves, should be so applied.

That the President of the United States, Andrew Johnson (applause,) in exercising the power of his high office in resisting the aggressions of Congress upon the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and in behalf of the Democratic party we tender him our thanks for his patriotic efforts in that regard."

Resolved, That we approve of the platform of principles adopted by the National Democratic Convention It falters in no double sense—its language is explicit and its meaning clear—the issues presented to the country are plainly and unmistakably defined, and, with a free and fair election, we confidently believe they will be endorsed by a large majority of the people—and with that endorsement must come such a change in the administration of the National Government as will restore the Constitution and give peace, harmony and prosperity to the country, and especially to the down-trodden States of the South.

Resolved, That it is our earnest desire and intention to bring about these wholesome and necessary changes by the peaceful means of the ballot-box—and all efforts to produce a contrary belief, coming from what quarter they may, are but the tricks of interested partizans of a desperate political faction, bent upon perpetuating its power by any means and at all hazards. They are attempting to alarm the people of this State by the false cry of revolution and war, threatening them at the same time with military force; while, in other States of the South they have not hesitated to take from the people the election of electors of President and Vice President, and to confer it upon Legislatures, the members of which were elected under military rule without freedom of choice and with no regard to the question of the Presidency, in order to secure the electoral votes of such States for the Radical candidates, in disregard and defiance of the just rights of the people of such States, and of the whole country.

Resolved, That it is our frank purpose now, and has been since the close of our late civil war, to accept and abide by, in good faith and without disturbance, the legitimate fruits and consequences of that war; to yield to the Government of the United States a cheerful submission and allegiance, and to perform all the obligations of good citizens to their rightful Government. And we do proclaim that, in asking recognition on terms of equality in that grand copartnership of States which constitutes our Federal Union, we do so with no hostile intent; on the contrary, we wish to share its benefits and its duties; to rebuild our waste places under the protection of its flag; to re-establish the old era of good feeling in our common country; to thwart the designs of unpatriotic men everywhere, who seek to perpetuate discord and division; and to participate in the blessings as well as the burdens, of the government.—*Resolutions adopted by the State Democratic Convention of North Carolina, Aug. 14, 1868.*

THE UNIVERSAL LIFE INSURANCE COMPANY, NEW YORK.

Losses paid in 30 days. No restrictions on TRAVEL or RESIDENCE. No extra charge for Females No charge for Medical Examination, Policies or stamps.

NEW YORK.

THE UNIVERSAL LIFE INSURANCE COMPANY,

NEW YORK.

Office, No. 69, Liberty Street.

The Original Joint Stock Life Insurance Company in the United States.

The business of this Company is EXCLUSIVELY confined to the insurance of first-class healthy lives.

THE DISTINCTIVE FEATURE

of the Stock system of Life Insurance, as opposed to the Mutual, is a low rate of premium for a stated sum secured, which is IMMEDIATE, SETTLED, and CERTAIN; in lieu of a high rate of premium for a promised dividend which is DISTANT, CONTINGENT, and UNCERTAIN; this so-called dividend being merely a return of a portion of the excessive and unnecessary premium charged in the first instance.

ILLUSTRATION.

Suppose that an individual aged thirty desires to devote $200 a year for the purpose of effecting an insurance on his life; this amount will immediately secure him in the "Universal" the sum of $11,754, payable on his decease. This sum, paid to a Company charging the ordinary mutual rates, would secure him the sum of $8,474.

The difference between these sums ($3,277) is exactly the same as an immediate bonus or addition to the policy to be paid by the former office to the holder of the policy in case of the early death of the insured. It is true that if the insured, in an office charging high rates, *live long enough*, and have his periodical dividends added to his policy, the sum may equal or surpass that above named; but it must not be forgotten that the *chance of early death* is the very thing the applicant desires to insure against, and consequently the greater the sum immediately secured, contingent on this event, the greater the advantage to the policy-holder.

To illustrate the importance to the policy-holder of low premiums in more general terms, it may be stated that by a reduction of *twenty-five* per cent in the rate of premium, the same amount of money will secure a policy *thirty-three and one-third* per cent. greater and likewise that a reduction of twenty-five per cent. in the rate of premium is precisely equivalent to an *annual cash dividend of thirty-three and one-third per cent., payable in advance*, or to a dividend of *forty-five per cent*, payable at the end of five years.

By the *Stock* plan the *full cash effect* of the premium is *immediately* secured to the insured, the Company taking *all* the risk. By the *Mutual* plan, the full value in insurance of the premium paid is not secured to the policy-holder, who takes a portion of the risk himself.

Rates to Secure $1.000 at Death.

Age.	Ordinary Life Rate.	Ten Payments Rate	Age.	Ordinary Life Rate.	Ten Payments Rate
25	$14.92	$33.10	45	$ 8.67	$21.63
30	17 01	36 44	50	10 06	30 16
35	19.78	40 53	55	12 38	39 73
40	23.47	45.51	60	16 83	53 80

All the improved descriptions of Life and Endowment Policies issued on the Stock plan at greatly reduced rates.

Policies issued at rates less than those charged by Mutual Companies, *guaranteeing* the return of all premiums paid in addition to the amount insured.

Policies issued at rates less than those charged by Mutual Companies, *guaranteeing a reduction of fifty per cent.* of the premium after the third annual payment.

The undersigned having been appointed General Agents for the States of North and South Carolina, for the above STERLING Company, desire Agents in all the principal towns and sections in said States. To live and energetic Agents, who are WILLING and ANXIOUS to work, liberal terms will be entered into. COMMISSIONS GOOD.
